

# Gulfstream

A GENERAL DYNAMICS COMPANY

Larry Flynn  
President

January 23, 2015

Dear Gulfstream Employee:

Suze Orman has done it again.

Since partnering with Gulfstream for a series of Live Well. Be Well. presentations, Suze has become one of Gulfstream's biggest fans. She visited most of our U.S. sites and met many of you personally to answer your questions about managing your money, getting out of debt, saving for college and planning for retirement. She also helped many of you better understand how our Personal Health Account plan works with a Health Savings Account.

Suze's best-selling books include *Women & Money*, *The Road to Wealth* and *You've Earned It: Don't Lose It*. And now she's written a book specifically for Gulfstream employees – *Your Financial Flight Plan*. This easy-to-understand 119-page book outlines the key information you need to navigate your way to a more secure financial future. The four chapters include Managing Credit, Retirement Plans, Your Protection Portfolio and Your Financial Flight Plan Checklist. She also explains the 10 biggest financial mistakes people make and how to avoid them.

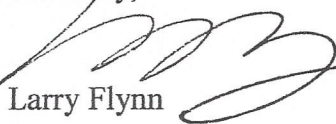

Suze agrees that Gulfstream offers an impressive array of healthcare and retirement savings options, and in this book we all have a unique opportunity to benefit from Suze's expertise and advice tailored for Gulfstream employees.

I encourage you to read this book and share it with your family. When you and your family have control over your financial life, you can have financial peace, and that will help you become more physically and emotionally healthy.

As we begin 2015, I wish you and your family good health, happiness and peace – including peace of mind.

Thank you for all you do for our company, our customers and our communities. I hope you enjoy Suze's book.

Sincerely,

Larry Flynn
